PRESIDENT'S REPORT

Trae West

LHPSSA Members:

The temperatures have definitely heated up this year. It has been a hot one out there and the water temperatures are scorching. This past month we saw some nice Mahi catches locally and a few nice swordfish. The wahoo bite has been a little slow but there have been some caught in our local water. Good news it that the wahoo bite is already picking up in the Bahamas and October should be excellent for making a trip across. We have a great speaker this month ... Capt. Cory Burlew!! He is probably the best Wahoo Fisherman in South Florida and has proven it time and time again by winning the majority of the Bahamas Wahoo Tournaments in recent years. You definitely don't want to miss his presentation.

The Guatemala trip is fast approaching and will be a great time for those club members that signed up. October 5th is our Chokoloskee trip spear headed by Bill Bouck. Reach out to him if you are interested in participating. Also, Darren Sonnier has put together a Trip to Venice, LA to go fish the Oil Rigs in the Gulf. This is an amazing trip where you can fish offshore for big Yellowfin Tunas and fish inshore for Giant Red Fish!! It is an amazing fishery and another epic trip.

On the Social Side, we have a fantastic Halloween Party coming up in October. Make sure to RSVP to the EVITE that Jackie Sabins sent out. The club provides Main Course and Drinks. Club Members are invited to bring a side dish or dessert. There will be Best Dressed Awards, a DJ and a lot of Monster Mashing on the dance floor.

I look forward to seeing everyone at the meeting!!!

Sincerely,

Trae West
LHPSSA President

DIVE REPORT

Dive update:

Diving locally has been on fire the last month. A lot of the boats are getting their limits of lobsters every trip and spearing some nice fish, including hogfish, mutton and black grouper. The lobster have primarily been on the first and second reef. After some ear issues kept him out of the water for two months, Dr. Carl made a triumphant return to the water this past weekend by spearing a 20+ lb black grouper less than 1/2 mile from the inlet. And don't forget that it is usually about the first or second week of October that we get the lobster walking down the beach in about 10 feet of water. As soon as anyone gets word of that happening, put it out there on the WhatsApp group.
